

REPLENOLOGY®

Nutrient. Replenishment. Biology.

HAIR LEAFLET

21 TO GROW™

Supports Nutrient Replenishment Associated with
Normal Scalp & Intrinsic Hair Functions*

Protects and Improves the Look of
Healthy and Fuller Hair*

This Leaflet summarizes the most important information about the Replenology Hair four part system. Each kit contains one 6.8fl oz (200ml) Shampoo, one 6.8fl oz (200ml) Conditioner, one 1fl oz (30ml) Advanced Follicle Nutrient and one container of dietary supplements. There are 2 different formulation strengths of the supplement - Replenology Hair - 60 Capsules (NPN: 80079468) and Replenology Hair Professional - 120 Capsules (NPN: 80081038).

To learn more about Replenology Hair or if you have any questions, ask your health care provider, visit the web site replenology.com or contact us at 855.212.GROW (4769) in USA, 833.212.GROW (4769) in Canada or 1+ 908.982.GROW (4769) International or ask your healthcare provider. Replenology Hair products should only be used as directed.*

WHAT IS REPLENOLOGY HAIR?

Replenology Hair is a four part natural system formulated for use by both women and men to fully replenish nutrients that are lacking when experiencing hair loss and that are necessary for healthy hair.* These nutrients target 21 causes of hair loss and support normal scalp & intrinsic hair functions along with providing cosmetic benefit to protect and improve the look of healthy and fuller hair through the use of Replenology Hair Daily Dietary Supplement, Daily Shampoo, Daily Conditioner and Daily Advanced Follicle Nutriment.*

WHAT SHOULD I KNOW ABOUT REPLENOLOGY HAIR BEFORE I BEGIN AND AS I CONTINUE TO USE THE FOUR PART SYSTEM?

Replenology Hair works by replenishing nutrients in the hair follicles that have been depleted due to ageing, diet, hormonal changes, environmental effects, some medications and long term exposure to chemical ingredients in some hair products.*

WHAT ARE THE BENEFITS OF USING REPLENOLOGY HAIR AND WHEN SHOULD I BEGIN TO SEE RESULTS?

What are the Benefits? Replenology Hair has been formulated to target 21 known causes of hair loss and shown to replenish nutrients in the hair follicles that are not normally found in a regular diet and hair care products, including natural stilbenes, wedelolactones, procyanidins.* You can be confident that all ingredients in the Replenology Hair four part system are naturally derived and meet the rigorous standards of the Environmental Working Group and the Banned Substances Control Group. There are no harmful chemicals, land, air or marine animal additives, derivatives or extracts. Replenology Hair is not a drug with associated potential side effects.* **When will I see results?** Replenology Hair begins working for you on the 1st day of use and you may see results as early as 4 to 8 weeks after commencing daily use however, it may take 4 to 6 months to notice an effect. This will depend on how depleted the nutrients are in each individual and other overall health factors.* **How do I know it is working?** You may notice a reduction in hair fall within 4 to 8 weeks followed by fuller and healthier looking hair on the scalp within 4 to 6 months.* Once you begin using the Replenology Hair four part system you may experience an improvement in your wellbeing and energy levels due to the multiple vitamins, minerals and botanicals, that are rich in nutrients, amino acids and antioxidants, found in each of the Replenology Hair products.* An improvement in the overall condition of your scalp and hair may also be experienced due to the nourishment that Replenology Hair will provide for you.* The gentle but powerful ingredients will also protect your hair against the effects of everyday pollution and ultraviolet exposure.*

WHAT ARE THE POSSIBLE SIDE EFFECTS OF REPLENOLOGY HAIR?

Side effects cannot be anticipated. If any develop or change in intensity, tell your healthcare provider as soon as possible. Only your healthcare provider can determine if it is safe for you to continue taking Replenology Hair. Sensitivities, allergic reactions or rashes may occur and if they become persistent, discontinue use.

WHO SHOULD NOT TAKE REPLENOLOGY HAIR?

Do not use Replenology Hair if you are allergic to it or any of its ingredients. As with any product that includes dietary supplements, please consult your health care provider if you have a medical condition, are pregnant, planning on becoming pregnant or breastfeeding.

WHAT SHOULD I TELL MY HEALTHCARE PROVIDER BEFORE I BEGIN USING REPLENOLOGY HAIR?

Tell your healthcare provider about all prescription, over-the-counter, and herbal medications you are taking before using Replenology Hair. Also, talk to your healthcare provider if you plan to become pregnant, or are breastfeeding or have any medical condition.

WHAT IS THE DAILY REGIMEN FOR REPLENOLOGY HAIR?

For best results, do not change the labeled regimen, interrupt or stop taking Replenology Hair. The Replenology Hair regimen is for replenishing nutrients associated with healthy hair. Each package of the Replenology Hair four part system is a 30 day supply.

ADULTS AND ADOLESCENTS 18 YEARS AND OLDER THE RECOMMENDED REGIMEN IS:

Replenology Daily Advanced Follicle Nutriment:

Twist top to open. Dispense up to 5 pumps per day, metered for your convenience. Massage gently onto thinning areas of scalp before bedtime. Nutriment remaining on hair will dry within a few minutes. Leave on overnight for extended nutrient absorption and follicle nourishment. A gentle sensation is normal but not mandatory for success. Nutriment can be applied in the morning as long as it is not washed off for at least 6 hours. Discontinue use if irritation develops. It is suggested that if the Nutriment is being applied before sleep to areas of the scalp that will come into contact with bed linens that a protective cover, such as an old pillow slip or towel, be placed over the pillow to protect from potential staining. Each container is filled with 150 pumps for 30 days of use.

Replenology Daily Shampoo: Remove seal before first use. Gently shake bottle before use. Apply during morning shower to wet hair, gently massage scalp and work through hair into a rich lather. REPLENOLOGY Shampoo is formulated to remain on your scalp and hair for several minutes to allow for maximum nutrient absorption and follicle nourishment. Rinse and apply REPLENOLOGY Conditioner. A gentle sensation on the scalp is normal. Discontinue use if irritation develops.

Other application options, for example, evenings, are acceptable if the REPLENOLOGY Advanced Follicle Nutriment is being applied in the morning. Each container provides 30 washes for most hair lengths.

Replenology Daily Conditioner: Remove seal before first use. After cleansing with REPLENOLOGY Shampoo apply REPLENOLOGY Conditioner to wet hair, gently massaging into scalp and working through to ends. REPLENOLOGY Conditioner is formulated to remain on your scalp and hair for several minutes to allow for maximum nutrient absorption, follicle nourishment and hair protection. Rinse well. A gentle sensation is normal. Discontinue use if irritation develops. Conditioning before shampooing, is acceptable, although for the best results and protection of your hair through the day, follow the recommended regimen. Each container provides 30 conditionings for most hair lengths.

Replenology Twice Daily Dietary Supplement: Adults take 1 serving twice daily of Replenology Hair or Replenology Hair Professional before meals, or as directed by a health care practitioner. Each serving of Replenology Hair is 1 capsule and each serving of Replenology Hair Professional is 2 capsules. Taking the supplement 60 minutes prior to meal with water or a hot drink will ensure optimal nutrient absorption. Each serving of the dietary supplement is best taken 10 to 12 hours apart. The dietary supplement capsule is made from acid resistant vegetable hypromellose, and will normally pass through the stomach and release the nutrients into the small intestine, where the nutrients will be best absorbed. This should avoid any mild stomach upset. In the event of stomach upset take the dietary supplement with increasing amounts of food or after a meal.

HOW SHOULD I TAKE REPLENOLOGY HAIR TWICE DAILY NUTRITIONAL SUPPLEMENT?

Use Replenology Hair exactly as described. Do not use it more often or stop using it without first talking to your healthcare provider. Use on a twice daily basis.

WHAT SHOULD I AVOID WHILE TAKING REPLENOLOGY HAIR?

Avoid contact of Replenology Hair Follicle Nutriment with your eyes. If you are using any medications, ask your healthcare provider if Replenology Hair is right for you. If there is any concern about possible drug interactions, ask your healthcare provider about taking the Replenology dietary supplement 2-4 hours before or after taking your regularly scheduled prescription medications.

WHAT ARE THE POSSIBLE FOOD AND DRUG INTERACTIONS ASSOCIATED WITH REPLENOLOGY HAIR?

If Replenology Hair is used with certain other drugs, the effects of either could be increased, decreased, or altered. It is especially important to check with your healthcare provider.

MAY I USE REPLENOLOGY HAIR IF I AM PREGNANT OR BREASTFEEDING?

The effects of Replenology Hair during pregnancy and breastfeeding are unknown. Talk to your healthcare provider before starting Replenology Hair if you are pregnant, breastfeeding or if you or your partner are trying to become pregnant.

WHAT SHOULD I DO IF I MISS A DAILY REGIMEN OF REPLENOLOGY HAIR?

If you miss a day of taking Replenology Hair Daily Dietary Supplement or using Daily Advanced Follicle Nutriment, begin the regimen again as soon as possible. Replenology Hair is formulated for daily use and any interruption in the daily regimen may delay results. Do not use more than the daily recommended regimen.

HOW SHOULD I STORE REPLENOLOGY HAIR?

Store Replenology Hair products at room temperature. Protect from direct sunlight.

WHO SHOULD I CONTACT IN CASE OF EMERGENCY?

In the event of a medical emergency call your doctor, 911 or your local emergency number immediately.

WHAT IS THE SHELF LIFE?

All products are currently manufactured with a 2 year shelf life at room temperature and away from direct sunlight. Once the seal on each product is opened, it is recommended to use the product within 3 months, but no longer than 6 months.

WHAT DOES CLEAN LABEL MEAN?

Many approved ingredients can be harmful, cause allergic responses, cancer and even disrupt endocrine or reproductive systems. At Replenology we care what we put in and on our bodies. We only use ingredients that are Generally Regarded as Safe (GRAS). Each ingredient is also delivered within safe amounts or concentration ranges. We have taken the extra steps to ensure our products are clean label by seeking third party approvals. A consumer reference for cosmetic ingredients is published by the Environmental Working Group at www.ewg.org. Replenology's ingestible products are tested to be free of drugs by the Banned Substances Control Group www.bscg.org. Replenology has also taken steps to ensure all ingredients are GMO Free, Vegan, Kosher and, where possible, organic. Product certifications may vary from batch to batch.

WHAT DOES EWG VERIFIED MEAN?

Replenology's topical products, ingredients, and manufacturing methods have been approved by EWG to comply with their clean label standards. For Replenology's EWG ratings see their Skindeep database here: <http://www.ewg.org/skindeep/>.

WHAT DOES DRUG FREE MEAN?

Drugs can have an effect on personal performance in many situations. At least 50% of drugs are derived from plant based chemicals. Drugs can affect any working Professional or Athlete which may include increasing or decreasing performance, changing mood, affecting concentration or influencing health. Too many or too few of certain nutrients can also be responsible for these changes. Replenology's ingestible products are tested for approximately 500 drugs that are banned substances for Athletes and Professionals. See Replenology's drug free approvals here: www.bscg.org.

WHAT DOES GMO FREE MEAN?

Genetically modified organisms (GMO's) are very common in the food system. There are 2 methods of certifying products as NON-GMO. One method is by an audit of the supply chain and the other is by laboratory testing of a finished product for the presence of genetically modified proteins. Replenology uses the laboratory method to detect for the presence of GMO's. See Replenology's GMO certification here: www.bscg.org.

WHAT IS THE NPN NUMBER?

Dietary supplements in the USA are known as natural health products in Canada. Health Canada has one of the most stringent regulatory approval mechanisms for natural health products. These regulations require pre-market approval for all ingredients, formulations and health claims before a product is imported or sold in Canada.* The approvals are granted as natural product numbers or an NPN and are required on supplement labels or leaflets sold in Canada. To further comply with Health Canada regulations, natural health products with NPN's are imported into Canada for Replenology by NPN Naturals, Richmond Hill, ON, L4B1A3, Canada.

WHAT ABOUT PRODUCT SHELF LIFE, QUALITY, STABILITY, HEAVY METALS AND BACTERIA?

Replenology's products are manufactured under current Good Manufacturing Practices (cGMP). Ingredients are tested before and after production for contaminants to ensure compliance with cGMP as mandated by government regulations and to ensure consumer safety. Products are stability tested to retain potency for at least 2 years from manufacturing date and must be stored at room temperature without direct exposure to sunlight. The manufacturing date and lot number is on each container. Once opened, each product should be used within 3 months and no longer than 6 months.

CAN THIS LEAFLET BE DIFFERENT TO THE PRODUCT LABELS?

This leaflet provides more comprehensive product information can vary from the label due to a phase-in of new FDA Recommended Daily Intake (RDI) of Nutrients and %DV regulations for dietary supplements. The %DV on the supplement labels are being phased out by 2020 and the %DV in this leaflet are based on the new regulations being phased in from 2018 to 2020. The amount of each nutrient is the same.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

WHAT'S IN REPLENOLOGY

WHAT'S IN REPLENOLOGY

Replenology's products are scientifically formulated with the best ingredients available from suppliers world-wide to ensure optimal nutrient absorption. All ingredients are GRAS approved (Generally Regarded as Safe).

DAILY SHAMPOO / SHAMPOING QUOTEDIEN

Water/Eau/Aqua, Cocamidopropyl Betaine, Sodium Lauroyl Methyl Isethionate, Sodium Laurylglucosides Hydroxypropylsulfonate, Sodium Cocoyl Isethionate, Glycerin, Aloe Barbadensis Leaf Juice, Hydrolyzed Lupine Protein, Hydrolyzed Chenopodium Quinoa Seed, Moringa Oleifera Seed Extract, Vitis Vinifera (Grape) Seed Extract, Scutellaria Baicalensis Root Extract, Pyrus Malus (Apple) Fruit Extract, Momordica Charantia Fruit Extract, Eclipta Prostrata Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Cocos Nucifera (Coconut) Oil, Biotin, Caffeine, Tocopheryl Nicotinate, Dimethyl Sulfone, Glycol Distearate, Hydroxypropyl Methylcellulose, Glyceryl Caprylate, Glyceryl Undecylenate, Cedrus Deodara Wood Oil, Juniperus Virginiana Oil, Lavandula Angustifolia (Lavender) Oil, Anthemis Nobilis Flower Oil

Each container has 6.8fl oz (200ml) for 30 uses for most hair lengths

DAILY CONDITIONER / REVITILISANT QUOTEDIEN

Water/Eau/Aqua, Glycerin, Distearoylethyl Dimonium Chloride, Cetearyl Alcohol, Cocos Nucifera (Coconut) Oil, Hydrolyzed Lupine Protein, Butyrospermum Parkii (Shea) Butter, Hydrolyzed Chenopodium Quinoa Seed, Moringa Oleifera Seed Extract, Vitis Vinifera (Grape) Seed Extract, Pyrus Malus (Apple) Fruit Extract, Eclipta Prostrata Extract, Momordica Charantia Fruit Extract, Scutellaria Baicalensis Root Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Hydrolyzed Jojoba Esters, Caffeine, Biotin, Panthenol, Glyceryl Caprylate, Dimethyl Sulfone, Tocopheryl Nicotinate, Glyceryl Undecylenate, Guar Hydroxypropyltrimonium Chloride, Xanthan Gum, Cedrus Deodara Wood Oil, Juniperus Virginiana Oil, Lavandula Angustifolia (Lavender) Oil, Anthemis Nobilis Flower Oil

Each container has 6.8fl oz (200ml) for 30 uses for most hair lengths

DAILY ADVANCED FOLLICLE NUTRIMENT / NUTRIMENT AVANCÉ QUOTEDIEN FOLLICULAIRE

Water/Eau/Aqua, Distearoylethyl Dimonium Chloride, Cetearyl Alcohol, Glycerin, Hydrolyzed Lupine Protein, Moringa Oleifera Seed Extract, Hydrolyzed Chenopodium Quinoa Seed, Helianthus Annuus (Sunflower) Seed Oil, Ocimum Basilicum Hairy Root Culture Extract, Pisum Sativum (Pea) Sprout Extract, Vitis Vinifera (Grape) Seed Extract, Pyrus Malus (Apple) Fruit Extract, Eclipta Prostrata Extract, Momordica Charantia Fruit Extract, Scutellaria Baicalensis Root Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Cocos Nucifera (Coconut) Oil, Butyrospermum Parkii (Shea) Butter, Biotin, Caffeine, Tocopheryl Nicotinate, Panthenol, Dimethyl Sulfone, Hydrolyzed Jojoba Esters, Guar Hydroxypropyltrimonium Chloride, Glyceryl Caprylate, Glyceryl Undecylenate, Cedrus Deodara Wood Oil, Juniperus Virginiana Oil, Lavandula Angustifolia (Lavender) Oil, Jasminum Grandiflorum (Jasmine) Flower Extract, Chamomilla Recutita (Matricaria) Flower Oil, Achillea Millefolium Oil, Helichrysum Angustifolium Flower Oil

Each container has 1fl oz (30ml) for 5 daily pumps over 30 days for most scalps

Replenology Hair Dietary Supplement (NPN: 80079468)

Replenology Hair Professional Dietary Supplement (NPN 80081038)

At Replenology we are devoted to improving health using the science of nutrient replenishment biology. Our scientists study how nutrients support normal biological functions at the molecular level within cells, tissue and organs. We believe that necessary nutrients, that are natural, unmodified, safe and, delivered in correct proportions over time can be used to normalize many conditions. At Replenology we strive to find solutions to challenges influenced by aging, diet and often medications so that you can replenish your body and enjoy your life.
